Contents

PART 1 FEBRUARY 1975

PAGE

Effects of 5-fluorouracil on exocrine glands. III. Fine structure of Brunner's glands of rats. By CHANDRAMA ANAND and SEONG S. HAN . . . 1

The development of nephrocalcinosis in the rat following injections of neutral sodium phosphate. By P. HAASE 19

Observations on the structure of the dorsal muscle in the bottle-nose dolphin (*Tursiops truncatus*) By R. S. TULSI 39

On the relationship between tetracycline and the incremental lines in dentine. By K. KAWASAKI and R. W. FEARNHEAD 49

On the configuration of incremental lines in human dentine as revealed by tetracycline labelling. By K. KAWASAKI 61

A quantitative electron microsopic study of myelination in the anterior limb of the anterior commissure of the mouse brain. By R. R. STURROCK . 67

An ultrastructural study of sinuatrial node cells in the embryonic rat heart. By J. M. DOMENECH-MATEU and J. BOYA-VEGUÉ 77

The distribution and function of lysosomes in condylar cartilage. By MURRAY C. MEIKLE 85

Pseudoeosinophilic leucocyte response to denuding the rabbit cornea. By WILLIAM M. SHANKLIN, L. BENJAMIN and GEORGE W. BURKE, JR. . . . 97

The effect of starvation and refeeding on cell population kinetics in the rat small bowel mucosa. By HUTHAIFA S. ALDEWACHI, NICHOLAS A. WRIGHT, DAVID R. APPLETON and ALEXANDER J. WATSON 105

Ultrastructure of the submucous nerves of the rat ureter. By A. D. HOYES, R. BOURNE and B. G. H. MARTIN 123

Observations on the submucous plexus and mucosal arteries of the dog's stomach and first part of the duodenum. By C. PIASECKI 133

Studies of oogenesis and follicular development in the golden hamster. 2. Initiation and control of meiosis *in vitro*. By SUSAN CHALLONER . . 149

Studies on oogenesis and follicular development in the golden hamster. 3. The initiation of follicular growth *in vitro*. By SUSAN CHALLONER . . 157

Observations on the three-dimensional structure of the nucleolar channel system of the human endometrial glandular cell. By IAN A. R. MORE, ERNEST M. ARMSTRONG and DAVID MCSEVENEY 163

PAGE

Abnormalities in Schwann cell sheaths in spinal nerve roots of dystrophic mice By C. A. STIRLING 169

BOOK REVIEWS 181

PROCEEDINGS OF THE ANATOMICAL SOCIETY OF GREAT BRITAIN AND IRELAND, APRIL 1974: Symposium on Muscle Spindles 183

PART 2 APRIL 1975

A systematic approach to the quantitative description of musculo-skeletal geometry. By R. H. JENSEN and W. K. METCALF 209

A light and electron microscopic study of proliferation and maturation of fibrous astrocytes in the optic nerve of the human embryo. By R. R. STURROCK 223

An electron microscopic study of the histogenesis of the parathyroid gland in the sheep. By R. K. JORDAN, B. MCFARLANE and R. J. SCOTHORNE . 235

The ultrastructure of the sensory end-organs (baroreceptors) in the atrial endocardium of young mini-pigs. By JØRGEN TRANUM-JENSEN . . 255

The development of the olfactory mucosa in the mouse: light microscopy. By A. CUSCHIERI and L. H. BANNISTER 277

Mucosubstances in Brunner's glands of the mouse. By A. A. OBUOFORIBO . 287

Chick vincula: elastic structures with a check-rein mechanism. By C. BECKHAM and THEODORE K. GREENLEE, JR. 295

Cholinesterase activity in the hypoglossal nucleus of the rat and the changes produced by axotomy: a light and electron microscopic study. By B. A. FLUMERFELT and P. R. LEWIS. 309

A study of mitotic activity and the diurnal variation of the epithelial cells in the wounded rectal mucous membrane. By D. R. E. REEVE . . . 333

Increase in fibre numbers of the rat pterygoid muscles during postnatal growth By J. RAYNE and G. N. C. CRAWFORD 347

Bone induction in implants of decalcified bone and dentine. By G. J. LINDEN 359

Ultrastructure of the blastocyst and endometrium of the roe deer (*Capreolus capreolus*) during delayed implantation. By R. J. AITKEN 369

IN MEMORIAM: Sir Francis Knowles 385

BOOK REVIEWS 389

PROCEEDINGS OF THE ANATOMICAL SOCIETY OF GREAT BRITAIN AND IRELAND, DECEMBER 1974 395

PART 3 JULY 1975

PAGE

An ultrastructural study of implanting mouse blastocysts: coated vesicles and epithelium formation. By R. E. POELMANN 421

The fine structure of proliferating cartilage cells: structural changes in an experimental formation. By MAX SCHECK, JAN PARKER and LEO SAKOVICH 435

Temporal and spatial aspects of oestrogen-induced RNA, protein and DNA synthesis in delayed-implantation mouse blastocysts. By P. V. HOLMES and A. D. DICKSON 453

Postnatal growth of the dog heart. By G. R. KIRK, D. M. SMITH, D. P. HUTCHESON and R. KIRBY 461

The development of the olfactory mucosa in the mouse: electron microscopy. By A. CUSCHIERI and L. H. BANNISTER 471

Ultrastructural localization of glucose 6-phosphatase activity in tracheal epithelium of the rat. By SHINSUKE KANAMURA 499

Histochemically detected differences in cultured sympathetic neurons. By ROSLYN A. PERRY, JULIE H. CHAMLEY and PETER M. ROBINSON . . 505

The effect of *in utero* decapitation on the morphological and physiological development of the fetal rabbit lung. By BARBARA MEYRICK, J. G. BEARN, A. G. COBB, C. R. MONKHOUSE and LYNNE REID . . . 517

Observations on the structure and innervation of the rat snout. By S. R. MACINTOSH 537

Histochemical mapping of ATPase and simple esterase in the cerebral hemispheres of the Indian lizard, *Uromastix hardwickii*. By H. B. TEWARI and J. S. SETHI 547

Sensory innervation of baboon muscle spindles. By K. P. FOX, T. H. KOEZE and M. SWASH 557

The effects of late ovariectomy on the proliferation and differentiation of the uterus of the pregnant rat. By S. PEEL and D. BULMER 569

Craniofacial variability and its relationship to disharmony of the jaws and teeth. By MAURICE MCKEOWN 579

A study of the distribution of chromaffin-positive (CH+) and small intensely fluorescent (SIF) cells in sympathetic ganglia of the rat at various ages. By R. M. SANTER, K-S. LU, J. D. LEVER and R. PRESLEY . . . 589

Cartilage fibrillation at the ankle joint in Liverpool necropsies. By GEORGE MEACHIM 601

PAGE

Mitochondrial structure in the rat adrenal cortex. By B. J. MERRY . . 611

The response of iliac lymph nodes to the fetal allograft. By J. G. MOSLEY, J. M. MCLEAN and A. C. C. GIBBS. 619

BOOK REVIEWS 625
